Rossmoor Named Tree City USA!

“The designation of Tree City USA is not easy to come by, but we’ve earned it,” stated District Tree Consultant Randy Reynolds. Rossmoor is now officially recognized by the nonprofit Arbor Day Foundation as a Tree City USA for its commitment to urban forestry! Of course, we’ve always been a tree city unofficially! Rossmoor residents love their trees and consider them to be a great source of pride and beauty. Trees are tightly woven into the suburban architecture of this distinct community, so it’s really no surprise—it makes perfect sense. The Tree City USA is sponsored by the Arbor day Foundation in cooperation with the National Association of State Foresters and the USDA Forest Service.

Rossmoor has met the four standards to become a Tree City USA community. Tree City USA communities must have a tree board or department, a tree-care ordinance, a comprehensive community forestry program, and an Arbor Day observance and proclamation. “We commend Rossmoor’s elected officials, volunteers and its citizens for providing vital care for its urban forest,” said John Rosenow, chief executive and founder of the Arbor Day Foundation. “Trees provide numerous environmental, economical and health benefits to millions of people each day, and we applaud communities that make planting and caring for trees a top priority.” Trees act as air filters, temperature moderators, reduce pavement heat island effect, conserve water and provide habitats for wildlife. From Henry's Desk

As this issue goes to press, we are saying good bye to one Board member and look forward to welcoming another. It seems that change is all around us and perhaps too much of our time is taken up with the issue of governance. So here goes with what else is going on...

The District was recently selected as a "Tree City USA" community. Signs will soon be posted at entrances to the community celebrating our new status. This summer, the District is sponsoring three Movies in the Park and due to the reception to last year's Concert in the Park; two concerts will be held this year. Again, this summer, Shakespeare by the Sea will present 'Much Ado About Nothing, the Tragedy of King Lear.' Also this summer, the Montecito Community Center will be completely remodeled so that it is more attractive and functional for use by renters. The kitchette and bathrooms will be upgraded and relocated so that what are now two rooms will become a larger one room facility more appropriate for larger gatherings. Completion of the project is scheduled for August, in time for the new semester of the Little Cottonwood preschool.

The District will also participate with our adjoining communities in the 4th of July Fireworks show at the Joint Forces Training Base. This popular event is one of the area's more spectacular displays of patriotism and great fireworks. Not forgetting Spring, the RCSD and the RHA are cosponsoring this year's Community Festival. Come out for the car show and the dog parade. Meet new neighbors and enjoy a day of food, entertainment and information on what is going on in your community.

A BED OF ROSES

Rossmoor's Rush Park is resplendent with roses at this time of year. The vivid colors and cushiony blooms are candy for the eyes and a feast for the senses. Not only are roses beautiful and fragrant, but they come in so many shades and varieties: Red roses signify... **Click the link below for access to the full article.**

NOTICE OF PUBLIC HEARING

A recent community phone poll was conducted in order to obtain the opinions of District voters on important issues facing the District, its governance, and the potential for providing additional services. The results of the Rossmoor Community Survey can be viewed on the District's website: www.rossmoor-csd.org.

The RCSD Board will be conducting a public hearing June 14, 2011 to hear from the public about providing its own services for police, animal care and refuse collection with contracts for service with the County or other providers. If you were not contacted for the phone poll, or if you would like to provide further comments on these issues, you still have an opportunity to air your views at that public hearing as well as future meetings of the District's Board of Directors. Information about future meetings and hearings can also be found on the District's website.
